

FOR IMMEDIATE RELEASE

MOVATI begins Construction on Fourth Edmonton Fitness Club

Edmonton, AB -- June 2, 2025 – MOVATI Athletic, one of Canada’s foremost fitness and wellness brands, is proud to announce the construction of its fourth location in Edmonton, located in the rapidly expanding community of Harvest Hills. Slated to open early 2026, this new facility is a testament to MOVATI’s continued commitment to delivering a new standard in premium service as part of an inclusive, and wellness-focused fitness experience.

Seamlessly integrating form, function and luxury, this new club will offer seven thoughtfully designed boutique-style studios offering up to 200 in-person classes weekly, across yoga, cycling, Pilates, dance and functional training. Members will also enjoy a full-service aquatic area, spa-inspired locker rooms, a private dedicated women’s only fitness space and an array of refined wellness amenities – from contrast therapy suites and recovery zones to a luxe relaxation lounge – all within a single club.

“Edmonton has embraced MOVATI in such a powerful way, and we’re incredibly excited to continue growing alongside this amazing community,” said Chuck Kelly, President and CEO of MOVATI. “Opening our fourth location is a reflection of that connection. We’re proud to offer more than just a place to work out – we’re creating a space where people come to feel strong and supported in every part of their wellness journey.”

With construction now underway, MOVATI is poised to bring its transformative fitness experience to even more Edmontonians. The new club is expected to create up to 120 permanent team positions and provide residents with access to one of the most comprehensive fitness destinations in the region.

Founded in 1997, MOVATI Athletic is redefining the fitness experience, blending the intimacy of boutique fitness with the luxury and amenities of a full-service club. As a top-tier fitness brand, MOVATI currently operates 18 clubs across Ontario and Alberta, with an expanding footprint fueled by exceptional member satisfaction and a strong community presence. The opening of the fourth Edmonton location marks a significant milestone in MOVATI’s national growth strategy, focused on empowering more Canadians to feel welcome, feel comfortable and feel healthy.
